Training for Officials

From the 1st April 2022, all individuals taking an official's course from the UKA Officials' Education Pathway for the first time will be required to complete an online Safeguarding course. The course has been produced in partnership with a 3rd party provider (Educare) and is bespoke to athletics, UKA governance and home country legislation. The course has been evolved and updated over recent months in order to provide the best possible learning experience for you as an official.

From the 1st July 2022, all Officials will be required to complete the safeguarding course at the point of re-licencing.

For further information and to access the course which costs £10 [follow the link](#) to the Athletics Hub.

If you have already completed the Safeguarding in Athletics module as a coach/leader or as part of another volunteer role in athletics then there is not the requirement to complete it again until your licence is due for renewal.
