The Event

Competition takes place for individuals and teams in the Primary Races over a 1,540m loop of the circuit.

Competition for Relay Teams uses the same start and finish area and with the exception of the U13 age-groups, also uses a wider loop of the surrounding Country Park. Runners are not required to tag hands. An outgoing runner waits in the relay change-over box until called to the start line by a race official. The outgoing runner then begins their leg, when the incoming runner crosses the finish line.

Event Presentations

We will look to present awards to the top three clubs and the fastest individual overall for each Relay Race. The first three athletes and first three teams of three in the Primary School Races will also be awarded.

Presentations will be made as soon as possible following the conclusion of each race, and confirmation of all results.

Further Information

Toilets and catering will be provided at the venue, alongside the entrance to the closed road circuit. The park offers miles of paths / routes for athletes to warm up. We ask competitors not to warm up on the closed road cycling circuit. Please note that dogs are not allowed on the circuit,

We look forward to seeing you all on event day.

Regards,

The Welsh Athletics Team
