**Please note: these classification clinics are alongside a competition. Athletes must be available for both days and will need to enter and compete in the associated competition to complete the classification process.*

CLINICS OUTSIDE OF COMPETITION*

DATE	LOCATION	VENUE ADDRESS	DEADLINE FOR PAPERWORK
Saturday 1 st June 2024	LOUGHBOROUGH	National Performance Institute (NPI) Loughborough University Epinal Way, Loughborough LE11 3TU	Friday 3 rd May 2024
Saturday 28 th September 2024	LONDON	David Weir Leisure Centre Middleton Road Carshalton SM5 1SL	Friday 30 th August 2024

**Please note: these classification clinics are not alongside a competition. If an athlete requires further observation to finalise their classification, they may be asked to attend a competition at separate time to be observed competing.*

HOW TO BE CLASSIFIED IN THE UK FOR ATHLETES WITH A PHYSICAL IMPAIRMENT:

1. Athletes must be at least 11 years old and have already been training in a club for a minimum of three months before they can be classified.
2. Athletes must have a confirmed medical diagnosis of a permanent physical impairment that has been present for over 12 months.
3. Athletes must have a Medical Diagnostics Form (MDF) completed by their general practitioner or medical consultant and returned to the classification manager before the deadline outlined in the table above.
4. MDFs must be accompanied by additional supporting medical documentation i.e. consultant letters supporting diagnosis, results/evidence of diagnostic investigations (MRI, CT scans, x-rays etc.), and/or physiotherapy reports that outline function.
5. If the MDF and supporting documentation demonstrates eligibility for national classification, athletes will then receive a classification appointment to be assessed at a clinic by national classifiers.
6. Following the classification assessment, if the athlete meets the criteria for eligibility a sport class will be allocated.

For more information on classification, or to receive an MDF, please contact the UK Athletics Classification Manager:
